1. Recycling and reuse includes:
  - (a) Greenwaste - separated clean greenwaste (where accepted). Excludes soils, flaxes, branches over 150 mm diameter and tree stumps.
  - (b) Scrap metal - separated clean scrap metal (where accepted).
  - (c) Reuse/Recyclables - domestic household recyclables, including cardboard, glass, plastic (types 1 and 2), aluminium and tin cans. Reuse items which are deemed reusable by the attendant. All recyclables and reuse items have to be clean from contamination.
2. Hazardous waste from the same individual or organisation in excess of 10 kilograms or 10 litres will be subject to special charges by negotiation with the Engineer or his delegated representative on a case-by-case basis.

All loads over 8 tonnes gross weight at compacting transfer stations and 3 tonnes gross weight at non-compacting transfer stations will NOT BE accepted unless prior written approval has been granted by the Group Manager Services and Assets or his agent.

Yours faithfully
